Annie Besant (1847 – 1933), Political Reformer,
Women's Rights Activist, Theosophist and Indian nationalist.

The great aim of our education is to bring out of the child who comes into our hands every faculty that he brings with him, and then to try to win that child to turn all his abilities, his powers, his capacities, to the helping and serving of the community of which he is a part.

-Dr. Annie Besant

Dr. Annie Besant is one of those foreigners who inspired the love of the country among Indians. She declared in 1918 in her paper "New India": "I love the Indian people as I love none other, and... my heart and my mind... have long been laid on the altar of the Motherland." Annie Besant, born of Irish parents in London on October 1, 1847, made India her home from November, 1893. An orator and writer with poetic temperament, Dr. Besant was a veritable tornado of power and passion. By her eloquence, firmness of convictions and utter sincerity she attracted some of the best minds of the country for the national cause.

SRI MANEL SRINIVAS NAYAK

Our Founder President

Our founder President Sri Manel Srinivas Nayak was an eminent personality who has made exemplary contribution to the political, social and educational progress in the district of Dakshina Kannada. In the political and civil life of our District, he was a force to reckon with, as an effective organizer, powerful and impressive speaker in English, Kannada and Konkani. He was the Chairman of the Mangalore Municipality from 1958 to 1961 and he steered his council with the skill, dignity, psychology and love he possessed as a devoted tireless servant of the people. He showed great foresight for the needs of Mangalore city and for Dakshina Kannada in general. He also served as President, Bharat Scouts and Guides, Dakshina Kannada for several years. He also served as President of Mangalore Cheshire home for over twenty years and during his time a new building was put up. His other achievements are also well known.

As a congressman he served the city as a Municipal Chairman, with rare distinction; as a member of the Karnataka State legislative Assembly for two terms, he was Chairman of the Finance Committee of the Legislature. He was a Director of the Canara Bank Ltd., one of the

leading Banking Institutions of our country. He was President of the Kanara Chamber of Commerce & Industry, following in the footsteps of his late father Mr. Manel Annappa Nayak who was one of the founders of the Chamber. He has been a trustee of Temples. Thus he has truly done his work for God and Country. Besides being a good businessman he has been generous to all good causes; incurables, the poor and helpless women and children.

Srinivas Nayak, provided leadership to the Women's National Education Society and its various activities in the education field. He had the magic touch and the Institutions developed from a mere High School to Degree Colleges taking their position as premier Educational Institutions particularly in the field of Education. In his hands Besant Institutions assumed altogether different dimensions. He first started the Besant Evening College in the 1976 with the motive of offering an opportunity to the working men and women to educate themselves. Later he started the Besant women's college and a few years later the Besant English School.

A habitual wearer of Khadi, Sri Nayak has lived a simple, unostentatious life as a Gandhian. He has contributed richly to the community life of the Gowd Saraswath Brahman Samaj to which he belongs worked as a Trustee of Shree Venkataramana Temple, Mangalore, Sri Srinivasa Nigamagama Pathashala Mangalore etc. The long public life of Sri Nayak is both inspiring and worthy of emulation by our younger generation. Until an advanced age he toiled ceaselessly for the noble cause of education.

About the College

"Going to college means different things to different people. For some, collegiate education rebuilds their lives, for some others it is the bridge to a better path. For many others, it's a plunge out of a dark night...to a day that shines as bright as the lights on the campus they walk to each evening."

Every evening, when Besant Evening College turns on its yellow lights, a few hundred clerks and receptionists, newspaper boys, plumbers, electricians, welders canteen boys, sweepers, hawkers, labourers, milk vendors and then some CA and ICWAI students wrap up a tough day's work and rush in for their lectures. Once in, they are in a world where all they are expected to do is hold a pen and pay attention. Located in the heart of the beautiful coastal city of Mangalore, Besant Evening College is a UGC recognized Arts and Commerce College, affiliated to the Mangalore University. Founded in 1976 by a great visionary Sri Mane! Srinivas Nayak, the College is among the city's top colleges for quality education, student life and affordability. Its strategic location and easy accessibility combined with contemporary facilities and useful programs, attracts students from across the city and neighboring villages. It is a co-educational college which charges reasonably low fees and admits students who have limited economic resources so that they "Learn while they Earn". Dedicated to the cause of education for almost a century, Women's National Education Society is the management of the Besant Institutions. They offer the gift of higher education to generations of students who would have been denied this privilege in the normal course.

Besant evening College offers undergraduate academic programs leading to Bachelor of Arts and Bachelor of Commerce degrees and a post-graduate program in Commerce leading to Master of Commerce degree with specialization in either Finance or HR fields. The college holds classes in the late evening from 4.00 pm to 9.00 pm. The coursework is the same which is taught in the day colleges but with some flexibility to help to help working students of a disadvantaged background get access to higher education. Our cut off for admissions is a lofty 35 per cent at the second attempt, because our philosophy is that someone motivated to try higher education needs to be given a chance to develop untapped potential which has not yet emerged for lack of academic support. The aim is to provide higher education to young people who cannot

afford to do a full time academic course because they have to earn their living. Economically weaker students are provided with Scholarships and Fee concessions by the Management and it allows payment of fees in installments. A large number of them are vernacular students, without a fair competence in English. Besant Evening College offers these special students, the same facilities and quality of education that its full time day-students receive.

They work closely with a committed faculty, made up of accomplished and experienced teacher-scholars. Our students enjoy the individual, personal attention that only a small college can provide and, at the same time, attend classes and participate in extra-curricular activities that offer an impressive array of intellectual challenges and rewards. Extra-curricular activities would not seem convenient for these working students, but give them a stage and they are eager to perform, often rivalling the cultural talents of the best students in the day colleges.

The college, centrally located in the City of Mangalore has a campus area of 1.02 acres and built up area of 11633.091 sq.mts. Well-planned and aesthetically designed buildings provide an excellent environment for academic and all support activities. Some of the physical facilities we have in the college are spacious and well ventilated classrooms fitted with projectors to take classes using power point, a computer lab, a commerce lab and a language lab all equipped with interactive projectors, an audio visual room, a state of the art auditorium, a very good library, a canteen, a commerce lab and a language lab all of these equipped with interactive projectors and digital displays, helps the students to upgrade their skills so that they can cope with academics. The Computer Centre gives them the basic training in computers and also in Accounting Software like TALLY. At present, the College has a regular Principal and 23 faculty members; the student strength is 366 and student-teacher ratio is 18:1. There are 05 faculty members with a Ph.D.

The College sensitizes its students on gender and environmental issues through its curriculum, celebrating national/international days, organizing awareness/sensitizing seminar, symposium, drama, quiz competition etc. The college has been able to make significant contribution to the society with the support of various local organisations.

- Two Villages; Ammunje and Kariangala have been adopted for Outreach work
- The Outreach Cell of the College undertakes community development

activities in the adopted village in collaboration with local bodies.

- Through the NSS and Red Cross units an Annual Camp and Economic Survey were conducted successfully in these villages. Awareness campaigns, competitions and exhibitions for the prevention of epidemics and infectious diseases.
- NSS Annual Camps with a programme of "shramadhan", informative talks and cultural events to involve the volunteers in community development through rural exposure. The college has forged relationships with many local authorities such as Zilla Panchayat and Mangalore City Corporation to conduct outreach and extension programmes.
- Blood Donation Camps and Health Rallies are held in collaboration with hospitals. Campaigns and other programmes for the protection and preservation of the environment.
- As part of its outreach program, Auto – Rickshaw Drivers Day was celebrated with fervor and enthusiasm.
- Talks and Lectures to help the Volunteers acquire a sense of social responsibility.
- The college has collaborations with other Institutions, NGOs, GOs, Industries and other Agencies for Research, Extension, Outreach Activities, Curriculum Development and Student Training and Placement.

The college follows the general education curriculum prescribed by the university. This common curriculum has created and sustained a community of discourse shared by the current student body with generations of alumni. The vitality of any tradition depends upon its constant renewal, and for this reason, among others, the college believes in supplementing its curriculum with add-on courses such as basic computer skills, Tally for accounting, soft skills, language skills and other skill development courses. National seminars and workshops are a prominent feature of the academic calendar. Weekly value education sessions are conducted to sensitize students on contemporary social and personal issues. The city of Mangalore in which the college is nestled – is renowned for its banks, educational institutions including medical and engineering colleges, small businesses, and software companies. Added to this, the rich culture and coastal environment – serve as a living and learning laboratory experiences in business, science, technology, teaching, the humanities, languages and the arts for the students who choose to study here.
